Do you cater for other dietary restrictions?

If you have any dietary restrictions or food allergies, please let us know when making the reservation, and tell your waiter when you visit us. Our facility uses wheat, egg, soybean, milk, peanuts, tree nuts, fish, shellfish and many other possible allergens. Please be aware that normal operations involve shared cooking and preparation areas, including common fryer oil and grills. The possibility exists for food items to come in contact with other food products. Due to these circumstances, we are unfortunately unable to guarantee that any menu items can be completely free of allergens.
